

Alleged Russian Coup Attempt Leading to Breach of US / European Alliance - Global Currency Market Turbulence

1. Failed US / UK attempt at Russian coup results in fracture of US / Europe ties

There is a long history of Rothschild family animosity toward Russia. Rothschild's financed Russian-Japanese war in 1904 - 1905 through Kuhn Loeb Bank in NY by giving \$200 million in war financing to Japan which enabled Japan to win the war.

Rothschilds provided financing and coordination to Russian communist revolution through Kuhn Loeb along with Lord Alfred Milner. Research Schiff's \$20 million gold train, Lord Milner, Kuhn Loeb, and Rothschild. Rothschilds banks seized Romanoff family funds during the revolution. 10s of millions of Russians, Ukrainians, etc. died during the Russian revolution and during the subsequent years of communist rule.

Ahead in time now to 1994: Mikhail Khodorkovsky Chairman of Yukos after selling to his own company Yukos Russian state oil assets for \$310 million, while Khodorkovsky himself managed the auction of Russian state assets. After Khodorkovsky was jailed by Putin in 2003, Yukos share ownership transferred to Jacob Rothschild through previously unannounced agreement. Putin nationalized these assets valued at \$50 billion and kicked Rothschilds out of Russia when it nationalized Yukos. <https://en.wikipedia.org/wiki/Yukos>

In summary, allegations of US / UK decapitation attempt on Russian government through Nemtsov murder and organizing 'Russian Spring' protests is act of war and could not be attempted without approval President Obama and Prime Minister Cameron of UK. After failed attempt Jacob Rothschild warns the world of dangers due to 'Russian aggression'. UK scampers to support Chinese development bank openly undercutting US.

Appears that key allies are turning their backs on the US and UK is trying to side with Russia's ally China (unclear if China will accept UK membership to Asian Development Bank initiative).

Reserve currency status cannot be maintained when allies abandon the issuing country.
